

# “Build an Ark”

Genesis 6:5-22

The LORD JESUS affirmed that the account in Scripture that we read today is accurate and true. Luke 17:26, Mt. 24:37-39, 2 Peter 2:5, Is. 54:7-10, Heb. 11:7, 2 Timothy 3:16-17

## I. How Heaven \_\_\_\_\_ the Earth:

1. The \_\_\_\_\_ of man was great on the Earth. **V.5**
2. Every intention, every \_\_\_\_\_ of humanity was \_\_\_\_\_  
\_\_\_\_\_, continually.
3. GOD \_\_\_\_\_ that HE had made man on the Earth. **V.6**
4. This \_\_\_\_\_ the heart of GOD. (don't ever say that GOD doesn't care)
5. I must \_\_\_\_\_, whom I created, from the face of the  
Earth, along with ... **V.7**
6. The Earth was filled with \_\_\_\_\_. **V.11**
7. All flesh was \_\_\_\_\_ (\_\_\_\_\_, damaged, \_\_\_\_\_);  
“for they have corrupted their way.” **V.12**

## II. The \_\_\_\_\_ that caused GOD to choose Noah: - Ezekiel 22:30

\* GOD is still \_\_\_\_\_ for people; even for just one person.

1. Noah was a \_\_\_\_\_. **V.9** (not a perfect man)
2. Noah was \_\_\_\_\_ in his time.
3. Noah \_\_\_\_\_.
4. Noah found \_\_\_\_\_ in the eyes of GOD **V.10**
5. Noah was an \_\_\_\_\_ man. **V.22**  
\*Don't you want to be a person that GOD would \_\_\_\_\_ to serve  
HIS Purposes? Isaiah 6:8

## III. GOD's (\_\_\_\_\_) conclusion: “I am about to destroy them, with the Earth.” **V.13**

1. This was a massive, engulfing, \_\_\_\_\_. Don't  
let anyone tell you that this was a \_\_\_\_\_ flood, from a  
mythological legend from a primitive culture.
2. Everything on Earth was to \_\_\_\_\_. **V.17** \*Only then could the  
\_\_\_\_\_ be preserved so the \_\_\_\_\_ could hear. Rev. 7:9-10

## IV. GOD's specific \_\_\_\_\_ given to Noah: “Make for yourself \_\_\_\_\_.” **V.14** GOD's explicit directions included:

1. Make it out of \_\_\_\_\_ wood. **V.14** (possibly cedar or \_\_\_\_\_ which was abundant in the mountains of Armenia)
2. The spacious design was for it to have many \_\_\_\_\_, compartments, \_\_\_\_\_, shelves, containers, cages. **V.14**
3. It was to be covered with \_\_\_\_\_, inside and out. This was a tar or \_\_\_\_\_ substance needed to seal the seams and cracks in the wood.
4. The length was to be \_\_\_\_\_ long, \_\_\_\_\_ feet wide, and \_\_\_\_\_ tall. (a cubic is \_\_\_\_\_) **V.15**
  - A. Instead of a ship, this was more like a \_\_\_\_\_ that had the perfect design to float easily, with no chance of \_\_\_\_\_.
  - B. This huge chest-like structure was to have \_\_\_\_\_, each \_\_\_\_\_ high. **V.16**
  - C. The volume of space was \_\_\_\_\_ cubic feet, equal to the capacity of \_\_\_\_\_ standard railroad cars. (which could hold 125,000 sheep)
  - D. The design for the \_\_\_\_\_, may have actually been: **V.16**
    1. A \_\_\_\_\_ under the (flat or slightly sloped) roof for an ingenious way to catch rainwater to be funneled into \_\_\_\_\_, to then take \_\_\_\_\_ to all three decks.
    2. This \_\_\_\_\_ (a cubic) between the roof and the wall, would have afforded plenty of \_\_\_\_\_ and light for all 3 decks.
5. There are about \_\_\_\_\_ species of animals today. The number of animals in Noah's day could have been much larger due to the \_\_\_\_\_ of species. With two of each, a total of \_\_\_\_\_ creatures on the Ark is reasonable. Many creatures are very small and were probably kept in small \_\_\_\_\_. (They could have \_\_\_\_\_ during much of the duration of the flood) Very large animals could have been represented by the \_\_\_\_\_. It is possible that \_\_\_\_\_ of the space was used. The Father provided \_\_\_\_\_ for all. **V.21**, Mt. 6:26-27
6. In contrast to everyone else on Earth, GOD promised to establish \_\_\_\_\_ of Blessing (for the first time with anyone) with Noah and his family. **V.18** John 1:12

**\* Would you like to have a Covenant with GOD?**
